Title 9 Cassia County Code 9-9-4 UNIQUE LAND USES:

W. Accessory Dwelling Units (ADU):

1. Purpose and Intent: It is the policy of Cassia County, Idaho to promote and encourage the creation and use of legal ADUs in a manner that enhances residential neighborhoods and helps residents meet their housing needs and realize the benefits of ADUs.
2. Definitions:
 - a. ACCESSORY DWELLING UNIT: An Accessory Dwelling Unit (hereinafter ADU) is defined as a habitable living unit added to, created within, or detached from a single-family dwelling that provides basic requirements for living, sleeping, eating, cooking, and sanitation. ADUs must be placed on permanent foundations, and must meet required standards for a declaration of real property, and then be declared real property pursuant to all requirements of Cassia County Code.
 - b. PRINCIPAL DWELLING UNIT: A Principal Dwelling Unit (hereinafter PDU) is defined as a single-family dwelling.
3. Application:
 - a. The installation of an ADU in new and existing PDUs shall be allowed in zoning districts where single-family dwelling units are permitted on individual lots, subject to specific development, design, and performance standards set out elsewhere in County code.
 - b. Before any construction occurs to create an ADU, the property owner shall obtain a building permit from the Cassia County Building Department.
 - c. Any accessory unit built after June 28, 1993, but before adoption of these ADU regulations, which lacks specific zoning authorization hereunder shall not be considered a lawful non-conforming use, unless the property owner applies for a building permit for the ADU and brings the unit up to the health and safety provisions of the minimum housing code standards.

Any unit that would qualify as an ADU hereunder, but that was built before June 28, 1993, shall be considered a lawful non-conforming use.

On January 1, 2014, all owners of unlawful non-conforming units who have not brought them up to the health and safety standards of minimum housing code standards will be in violation of this section and subject to fines as regulated under applicable Cassia County Code related to building permit violations.
 - d. An occupancy permit must be issued by the Cassia County Building Department prior to occupancy of an accessory dwelling unit created or modified pursuant to this Section.
4. Size and Design Regulations: The following size and design criteria shall be the prevailing regulations for developing and creating ADUs, when in conflict with existing County Code:
 - a. The ADU shall contain not less than 300 square feet and not more than 1000 square feet, excluding any related garage area and other non-living areas such as workshops or greenhouses.
 - b. The ADU shall comply with all applicable height, setback, building code, and health code requirements for the zoning district in which it is located.
 - c. ADUs shall be developed only on lots meeting the minimum lot size of one (1) acre.
 - d. The ADU may be attached to, or detached from, the PDU.
 - e. Developers are encouraged to design the ADU to comply with the standards of the "Cassia County Design Guidelines for the City Of Rocks and related areas" in alteration of an existing building or construction of a new building along the City of Rocks Scenic Byway.
5. Maximum Number of ADUs per Lot: Only one (1) ADU is permitted per residentially zoned lot. If there is no PDU on the lot, there can be no ADU on the lot, by definition.
6. Utility Service, Water and Waste Handling Requirements: Each ADU must be connected to the utilities of the PDU for that lot and may not have separate utility services, or a separate well. Septic system or other waste handling system for the ADU must be approved in advance by the South Central Public Health District.
7. Home Occupations: Home occupations may be allowed, subject to existing regulations, in either the ADU or the PDU, but not both.
8. Recording Requirements: Before obtaining a building permit for an ADU, the property owner shall file with the County Recorder a declaration of restrictions containing a reference to the deed under which the property was acquired by the present owner and stating that:
 - a. The accessory dwelling unit will not be sold separately from the principal dwelling unit and shall thus remain under common ownership.
 - b. The ADU is restricted to the size of no greater than 1000 square feet.
 - c. The owner of the property shall notify a prospective buyer of the limitations of this Subsection and to provide for the removal of improvements added to convert the premises to an accessory dwelling unit and the restoration of the site to a single-family dwelling in the event that any condition of approval or siting is violated.

ACCESSORY DWELLING UNIT DEED RESTRICTION

This Accessory Dwelling Unit Deed Restriction is assigned to and runs with Warranty Deed, recorded with Cassia County, Idaho as Instrument Number _____, said deed restrictions being made and entered into this ____ day of _____, 20__ by _____ and _____, husband and wife, for themselves, their successors, and assigns, for the benefit of the County of Cassia, State of Idaho pursuant to Cassia County Ordinance Title 9 Chapter 9.
